

The difference between  
knowing coding and  
just thinking you do.

Ophthalmic Coding Specialist™ Exam

AMERICAN ACADEMY  
OF OPHTHALMIC EXECUTIVES

A Partner of the American Academy of Ophthalmology

JCAHPO  
JOINT COMMISSION ON ALLIED HEALTH  
PERSONNEL IN OPHTHALMOLOGY™

## **The American Academy of Ophthalmic Executives (AAOE) and the Joint Commission on Allied Health Personnel in Ophthalmology (JCAHPO) are partners in offering the Ophthalmic Coding Specialist™ (OCS) exam.**

The exam is designed to provide learning and to thoroughly test the coding knowledge of professionals in ophthalmology, including: physicians, coders/billers, ophthalmic medical personnel, office managers, administrators, consultants, optometrists, and para-professionals. It includes questions on the following 18 content areas: ICD-9, CPT®, E&M, Eye Codes, Modifiers, Special Testing Services, Major Surgery, Minor Surgery, Retina, Pediatrics, Oculoplastics, Dispensing, Vision Rehabilitation, Anterior Segment, Cornea, Glaucoma, Compliance, and Neuro-Ophthalmology. The Ophthalmic Coding Specialist Examination has been awarded 4 JCAHPO A credit hours.

After completing the test, you will receive feedback to help improve your coding and documentation abilities. Areas where your coding skills need further improvement will be identified so you can correct problems internally before someone else does.

**Those who attain a passing score of 80% or higher on this exam will be awarded the Ophthalmic Coding Specialist (OCS) Certificate of Completion.**

In addition to calling upon your working knowledge, prepare for the exam by:

- Attending courses like AAOE's **CODEquest** and **Coding Camp**, and those offered at the AAO and JCAHPO Annual Meetings
- Studying AAOE's **Ophthalmic Coding Series**—which covers all 18 content areas
- Using resources like **CPT, ICD-9, HCPCS, Ophthalmic Coding Coach** and **CMS Web site**

CPT® is a registered trademark of the American Medical Association.

---

## Details about the OCS process:

---

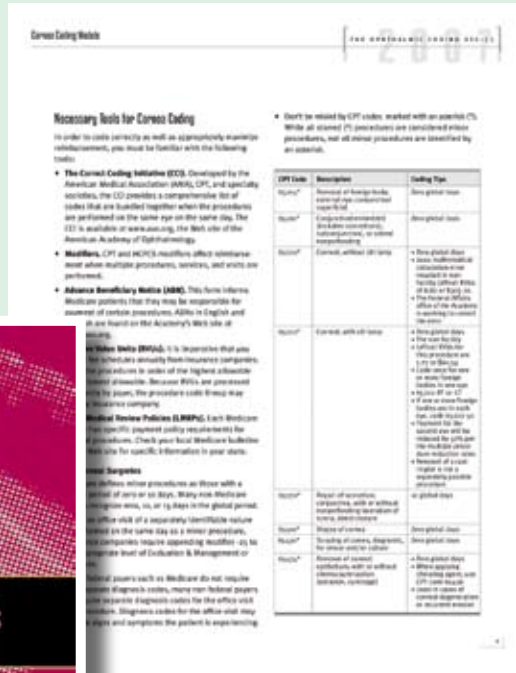

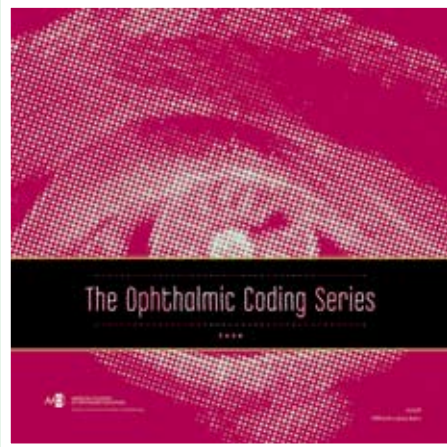

Exams will be mailed after JCAHPO receives your application. You have 10 working days to complete the open-book exam in the privacy of your home or office, using CPT, ICD-9, and other resources. The test is estimated to take approximately 8 hours to complete. Upon completion, mail all materials back to JCAHPO for scoring. JCAHPO will mail your results and feedback report within 2 – 4 weeks following submission.

If you do not earn a passing score of 80 percent or more, you may retake the exam by submitting the re-test fee with another application. JCAHPO will automatically send you a re-test application form with your official notification of results. After you have earned the OCS Certificate of Completion, you will be required to test again every three years to retain your OCS status; no continuing education credits will be required.

**Questions? Call 800.284.3937 or  
e-mail [coding@aao.org](mailto:coding@aao.org)**

**Reassure yourself  
that your coding  
knowledge is up to  
date. Fill out this  
form to request  
your exam today.**

# Prepare For your exam and update your basic training on correct coding principles.

## 2008 Ophthalmic Coding Series

Developed by AAOE, the self-study modules give new and established coders the most comprehensive and up-to-date ophthalmic coding information available. Protect your bottom line by ensuring that the ophthalmologists, technicians and coding staff in your practice receive thorough and accurate coding education. The kit comes in a tabbed 3-ring binder. This kit includes all 18 of the 2008 Ophthalmic Coding Series educational modules.

The series is recommended as a study guide for the Ophthalmic Coding Specialist Exam. Each module is also available individually. Each module offers one category 1 CME credit, 1 JCAHPO category A CE credit and/or 1 AAPC CEU.

**Per module:** \$39 member / \$53 nonmember -----  
**Complete kit:** \$495 member / \$668 nonmember #012328

To place your order, please call **866.561.8558** or visit **www.aao.org/store**

Yes, I would like to take the Ophthalmic Coding Specialist Exam.

Yes, I passed the exam 3 years ago and would like to retain my OCS status.

Yes, I would like to try again and re-test.

**TEST APPLICANT INFORMATION** (If you have more than 2 test applicants, please attach additional pages.)

**1** Last Name: \_\_\_\_\_ First Name: \_\_\_\_\_

Middle Initial: \_\_\_\_\_ Credential: \_\_\_\_\_ E-mail: \_\_\_\_\_

Address (Exam will be shipped to this address.): \_\_\_\_\_  
\_\_\_\_\_

Job Title (check all that apply):  Administrator/Office Manager  Biller/Coder  MD  COA

COT  COMT  Other (please specify) \_\_\_\_\_

**2** Last Name: \_\_\_\_\_ First Name: \_\_\_\_\_

Middle Initial: \_\_\_\_\_ Credential: \_\_\_\_\_ E-mail: \_\_\_\_\_

Address (Exam will be shipped to this address.): \_\_\_\_\_

St. Paul, MN 55125-2998  
Phone: 800.284.3937 Fax: 651.731.0410

# 3

## Three reasons you should sign up for the OCS Exam today:

- **Expand your knowledge and enhance your understanding.**  
Test your skills against an exam designed by national experts.
- **National professional recognition.**  
The Ophthalmic Coding Specialist designation recognizes your expertise and proficiency.
- **Enhance the success of your practice.**  
Mastering coding increases the financial performance of your practice.

*“ My billing staff is required to take (and pass) the OCS exam. While other coding certifications are good credentials, they don’t guarantee the competency in ophthalmology. Since the OCS Certificate of Completion is specialty specific, I have confidence my coders understand ophthalmology when they pass this exam.”*

Gaye Baker, OCS  
Associate Administrator  
University of Missouri-Columbia

*“ Ophthalmologists like myself who have pursued an OCS Certificate of Completion have realized a real benefit in capturing all eligible, billable services legally. I can sleep well knowing I am justified and confident in my coding competence. In these days of declining reimbursement, I would recommend all ophthalmologists, but particularly young docs, consider the OCS examination to be a requirement.”*

John Haley, MD, OCS  
Garland, Texas
