

OPHTHALMIC CODING COLLEGE 2009

Atlanta, Georgia - October 3

AMERICAN ACADEMY
OF OPHTHALMIC EXECUTIVES
Solutions for Practice Management

Register today for this intensive **Georgia specific** half-day course designed to enhance participants' knowledge of appropriate coding and documentation in order to receive proper reimbursement.

Topics 2009

While the physician is ultimately responsible for CPT and diagnosis code selection, each member of the ophthalmic team plays a vital part in coding and documentation of the medical record. Topics for this four hour course designed to assist the ophthalmic team to appropriately code for proper reimbursement are:

- 2009/2010 updates— CPT, HCPCS, ICD-9, and CCI
- Identification of CMS target codes due to increase in utilization; make sure your documentation is perfect
- Surgical cases for all specialties
- Proper documentation for intravitreal injection visits
- Know when the ASC claim differs from the physicians
- Mastering modifiers
- Coding for special testing services: recognizing what can and can't be billed on the same date of service
- Office of the Inspector General investigations
- Consultations defined
- Evaluation and Management update
- Specific examples of when to bill an E&M code vs. an Eye code
- Understanding all types of audits; why they occur and how you can prepare
