OKAP Exam Day Information

On exam day, log in and click the Start Exam button at least **10 minutes before** your exam is scheduled to begin.

**If you experience any issues, contact:**
ExamRoom.AI at 877-848-EXAM (3926), support@examroom.ai, or https://examroom.ai/chat box.
If you are still having issues, contact Annamarie Hastings at the Academy: mobile number/WhatsApp +1-925-980-4720.

You will Need:

1.) **A Computer** (laptop, desktop, or Chromebook) with one screen, front-facing camera, microphone, power cord, 4GB or higher RAM, up-to-date Operating System (Windows 7, Mac 10.10, Ubuntu 16, Chrome 62.0.4241.112 or higher), a minimum of 3Mbps upload/download speed, and a stable internet connection. **ExamRoom.AI will access your camera and microphone for the entirety of your exam appointment.**

2.) **Google Chrome** or **Firefox**. The exam will only work in these browsers.

3.) To **Allow Permission for Screen Recording** if using a **Mac computer**. You may need to **Disable Firewall** if using a **Windows computer** (refer to the OKAP Pre-Exam Day Requirements and Tips manual for instructions).

4.) **A System Check** to ensure your computer and location are setup appropriately.

5.) **One non-expired government issued ID** that matches the first and last name in your appointment confirmation.

6.) **Two logins:**
   - **ExamRoom.AI login** to log in to the exam system (username is your email on file with the Academy and your password is your AAO Member ID).
   - **Academy login** to access the exam (username is your email on file with the Academy and if you don’t know your password go to **Forgot Password** and reset it).

7.) **A quiet testing location with no distractions, materials, electronic devices, or others present.** You are not allowed to have any materials (books, notes) during your exam and all electronic devices (smart watches, tablets, cellphones) must be turned off and stored out of sight. **Failure to comply will result in immediate termination of your exam.**

8.) **One sheet of clean scratch paper** (optional). Once your exam is complete, you are required to notify the proctor and tear-up your scratch paper in front of the camera.
Exam Format/Time Allotment/Break Policy:

The OKAP exam consists of **260 multiple choice questions** equally randomized across the thirteen BCSC sections/ophthalmic practice areas.

- You will be able to enlarge images (by clicking on them), skip items, mark items for review, and be presented with a summary (at any time during the exam) of all items displaying which items are marked or unanswered before officially submitting the exam.
- The submit exam button will **only** appear after all 260 questions have been answered or after reaching the exam time limit.

The OKAP exam time is **4 hours and 40 minutes** (you will have 4 hours and 30 minutes to complete the exam, plus 10 minutes for a break).

- **Immediately** after 2 hours and 15 minutes have elapsed or answering 130 items, you will be allowed a 10-minute optional break.
- During the break you are not allowed to communicate with anyone, use any electronic device, or access any reference materials.

**Onboarding for Your OKAP Exam**

1.) Go to: [https://examroom.aao.org/](https://examroom.aao.org/) and enter your login credentials (this link and your login credentials were sent to your email address on file with the American Academy of Ophthalmology from no-reply@examroom.ai):

![Candidate sign in](image1)

2.) After logging in you will be brought to your ExamRoom.AI Account dashboard. Click **Start Exam**:
3.) You will be brought to the first system check:

![System Check](image)

Make sure you are not connected to any Bluetooth devices.
Click on the Webcam and Microphone icons to ensure the right one is selected (if there is a pop-up box for webcam and mic, you can click the X to close it).
If your bandwidth is low, disconnect all other devices off Wi-Fi and sit as close to the router/modem as possible.
Click **Next** to continue.

4.) You will then be brought to the Terms page. Click the **I Agree box** and then click **Start Exam**:

Please check the box that you agree to the terms and then click **Start Exam**.

From this page, you can also click to do a walkthrough.

5.) Next, you will be asked to **Share** your screen:

**Using Google Chrome:**

Click on **Entire Screen**. Then click **Share**.

Make sure that you have no other open tabs on your computer.

**Using Firefox:**

Select **Entire Screen** from the drop-down. Then click **Allow**.

Make sure that you have no other open tabs on your computer.
6.) Now you are connected to the Onboarding Agent (OBA). They will guide and click you through the process and perform a second system check:

7.) Next, you will show your non-expired Government Issued ID photo for the first identity verification check:

Place your ID in the camera.

The OBA will click to capture and will then click to the next step.

8.) Then, you will do a Face Scan for the second identity verification check:

Look into the camera.

The OBA will take your photo and will click you to the next step.

9.) The last verification step is the Room Scan. You will rotate your camera to show your surroundings:

10.) The final step before accessing your exam is reviewing the exam rules:

The icons will display what is allowed and prohibited.

After reviewing, click the box that you Agree and then click Begin Exam.

You will now be transferred to the proctor.
Taking Your OKAP Exam

1.) After completing onboarding, you will be transferred to the proctor and then to the OKAP Exam webpage. You will login to your AAO account using your current credentials.
   • If you have questions you can speak with your proctor via the chat box or verbally through your computer (proctors cannot assist with exam content – only technical issues or help getting to and ending your exam)

2.) Next, you will be presented with the Non-Disclosure Agreement. Click I agree to move forward:

3.) Now, you will be brought to the exam start page. After reviewing the instructions click Start Exam Now to create your exam (you may have to wait up to 30 seconds for your exam to load).
4.) Once your exam has loaded, click **Start Your Exam** to begin testing:

5.) When you are brought to the first question, you will see the exam features in the banner above:
   - **Exam timer** – this shows the time remaining on your exam
   - **Mark Question** – you can click to mark a question to return back later in your exam to review
   - **View Summary** – you can see unanswered questions or questions that you have marked for review at any time by sorting with the drop-down option

After reading each question, click on the chosen response, then click the **arrow button** to move to the next question.

6.) **Immediately** after 2 hours and 15 minutes have elapsed or answering 130 items, you will receive a pop-up notifying you to take a 10-minute optional break if needed to use the restroom, stretch, get a drink, etc. Please note: Your camera stream and microphone will be recording during the break.

When your timer is complete, or if you chose not to take a break, click on **Continue Taking the Exam** to resume where you left off (you must return within 10-minutes from your break or the proctor will terminate your exam):
What to Do If You Encounter Issues/Are Disconnected from Your Exam

If during your exam you encounter any issues within the exam (images not appearing, answers not saving, buttons not working, lag navigating between questions, etc.):

- Expand the ExamRoom.AI banner at the top and click the **Reload** button to refresh.

- If Reload doesn’t help, click the **Logout** link next to your name in the upper right-hand corner, then click the **Reload** button from the ExamRoom.AI banner, and re-login to resume where you left off (your answers are saved once you start testing, so you will not lose any data if you logout).

The options above should resolve any issues, but if it does not, let the proctor know and they will assist with next steps.

If during your exam you become disconnected (due to internet, power, laptop battery drained, etc.):

- please contact ExamRoom.AI immediately at either: 877-848-EXAM (3926), support@examroom.ai, or https://examroom.ai/ Chat box and provide the agent with your name, email, call back number, the exam you were taking, and inform them that you were disconnected from your exam.
- the agent will reschedule your exam to start right away, you will log back in to ExamRoom.AI, and your exam will be listed again for you to click **Start Exam**. In some cases, you may have to do the onboarding again, but in most cases, you will only be asked to perform a room scan (for security purposes) and then you can resume testing.
Completing Your Exam

1.) After you have answered all 260 questions, you will receive a pop-up to notify you that all of the questions have been answered (the Submit Exam button will only appear after all 260 questions are answered or after reaching the exam time limit).

- From here, you can either click Submit Exam or click View Summary to review questions and make any changes to your responses within the remaining time:

2.) When clicking View Summary, there is a list of your questions and a drop-down option. Marked questions have a star icon next to them and you can click on the question number to go back to that question. When finished reviewing, click Back to Exam and then Submit Exam.

3.) After submitting your exam, you will receive a confirmation page that your exam has been submitted successfully and you will be asked to Log Out. Click the Log Out button and then expand the ExamRoom.AI banner at the top and click the Finish Test button:

4.) Click Okay to confirm that you are complete, provide your star review with ExamRoom.AI and click Okay, then click Okay once more to be redirected to the dashboard.

5.) Lastly, you will be brought back to your ExamRoom.AI dashboard and you will not see your exam listed since you have completed it. You can logout from here.
