Protecting Sight. Empowering Lives.®

## Misconceptions

- Integrating with the IRIS Registry takes care of everything
- Data in the IRIS Registry doesn't require regular review
- Quality measures are all that need to be reported to comply with MIPS
- The office administrator can handle everything, the clinicians need not play a role.
- MIPS is too much work (it's easier to just accept the penalty).

Protecting Sight. Empowering Lives.®

## Roadmaps

- What 2021 MIPS Reporting is Worth

AMERICAN ACADEMY
OF OPHTHALMOLOGY®

Protecting Sight. Empowering Lives.®

## Your Role & Responsibilities

- Regardless of Reporting Method
  - Start early in the year
    - Pick your Quality Measures
  - Establish your calendar of tasks
  - Establishing your Improvement Activity and Promoting Interoperability action plans.
  - Avoid pitfalls

AMERICAN ACADEMY
OF OPHTHALMOLOGY®

Protecting Sight. Empowering Lives.®

## Your Role & Responsibilities

- EHR Integrated Practices
  - Is the data kept current?
  - Ensure mapping is correct
  - Ensure EHR entry is correct
  - Ensure providers & staff are aware

AMERICAN ACADEMY
OF OPHTHALMOLOGY®

Protecting Sight. Empowering Lives.®

## Your Role & Responsibilities

- Manually Reporting Practices
  - Set up workflow with staff for the new year
  - Use the IRIS Registry to review quality performance
