FEATURING

Whitney Hauser, OD, FAAO

Director, Peer Education for Novartis US Ophthalmics

As part of the Novartis commitment to professional education, Dr. Hauser brings deep experience to the Novartis Ophthalmics team as both a clinician and educator on the topic of dry eye. A graduate of the Southern College of Optometry, Dr. Hauser is also a Theia Award winner, founder of Dry Eye Coach, and was named among the Most Influential Women in Optical by Vision Monday.

Dr. Hauser is an employee of and paid by Novartis.

Amr Kouchouk, MD

One of the nation's top dry eye specialists and a cornea/refractive surgeon, Dr. Amr Kouchouk brings a breadth of knowledge and experience to the ophthalmology community as a published opinion leader and national speaker. A member of the American Academy of Ophthalmology (AAO), the American Society of Cataract and Refractive Surgery (ASCRS), and the International Society of Refractive Surgery (ISRS), Dr. Kouchouk has also established a Dry Eye Center of Excellence, where he provides the latest technologies available for treatment.

DISCUSSION TOPICS

This program is designed for ophthalmologists and will touch on the identification, diagnosis, and management of patients with dry eye disease (DED).

Upon the completion of this program, attendees will be able to:

- Describe the underlying mechanisms contributing to DED, including the role of the inflammatory cascade
- Identify and diagnose patients at risk for DED
- Manage DED in the context of various clinical scenarios
- Explain the efficacy and safety of a DED treatment and build an appropriate treatment plan
