**SOURCE:** Kantar Media, 2019 Eyecare Readership Study.

The Newsmagazine With the Most Receptive Readers

Among comprehensive ophthalmic trade publications, EyeNet delivers the readers you most want to reach. **EyeNet is #1 in high readers and in the top 3 in average page exposures in these categories:**

- **Early drug adopters.** Reach the ophthalmologists who prescribe as soon as they see a new drug.

- **Those who see medical sales representatives at least 1x week.** Extend your messaging and improve its “effective frequency” by putting your product on EyeNet’s pages.

- **Those whose annual revenue exceeds $500,000.** Get a cut of high revenue practices by putting your products in front of the doctors who are best positioned to spend.

- **Those for whom ophthalmic surgery is at least 26% of practice.** Develop a loyal customer base of those doctors who need to purchase more equipment more often.

- **Those who write more than 50 prescriptions per week.** Highly productive prescribers, prolific Rx writers.

**DEFINITIONS OF TERMS**

- **High readers:** Those who read in depth and with high frequency (high percentage of pages and 3/4 and 4/4 issues).

- **Average page exposures:** Factors how frequently and thoroughly a reader goes through an issue to project the likelihood of exposure to any page in the publication.

**VIDEO.** *EyeNet* offers two options for video advertising on aao.org/eyenet.

- **Leading into a clinical video.** Placing a seven-second video spot at the beginning guarantees undivided attention from ophthalmologists, as they must watch the ad before viewing the clinical content.
- **Freestanding.** Create a stand-alone video about your product. We will drive traffic to the video by mentioning it in the eTOC.
