

## To BTH, Our Leader!

This evening at the AAO Orbital Gala we salute you.

You have truly touched our professional and personal lives with leadership and friendship for more than 40 years.

Under your watchful care, all of your patients were treated with compassion and dignity.

All of us -- your colleagues, friends, students and patients -- have watched with admiration as you have built your remarkable legacy.

Your contributions to OCB, AAO and the Foundation are irreplaceable!

Congratulations, BTH!

With great appreciation,  
Your OCB Family
