Which courses should I register for?

What is the course schedule?

Should I register for two days or three days?

May I register for two practice emphasis area (PEA) courses on the same day i.e. two on Friday?

How long do the courses last and how many can I attend each day?

May I change my course selection after I register?

May I change my course selection onsite?

When will I receive the materials for the course(s)?

How do I receive my discount on the *Practicing Ophthalmologists Learning System*?

How do I access my complimentary MOC Exam Review Course on Demand sessions?

Which courses should I register for?

If you are taking the Demonstration of Ophthalmic Cognitive Knowledge (DOCK) examination, you should register for the PEAs you have selected for the DOCK examination. The DOCK examination consists of three sections: Core (required) and two PEAs of your choice. Note: you may choose to take two DOCK sections in all PEAs except Refractive Management/Intervention and Uveitis. (For example, you may choose to take two DOCK sections in retina/vitreous.) For more information about the DOCK examination and to register for the DOCK examination, please contact the American Board of Ophthalmology www.abop.org.

If you are taking this course for a review, please choose those PEAs of interest to you.

What is the course schedule?

Fri., July 22 7:30 a.m. to 5:30 p.m.	Sat., July 23 7:00 a.m. to 6:00 p.m.	Sun., July 24 7:30 a.m. to 5:30 p.m.
<i>Courses below run concurrently – register for one only</i>	<i>Included in all registrations</i>	<i>Courses below run concurrently – register for one only</i>
<ul style="list-style-type: none"> - Comprehensive Ophthalmology - Glaucoma - Oculoplastics/Orbit - Refractive Management/Intervention - Retina/Vitreous 	<ul style="list-style-type: none"> - Core Ophthalmic Knowledge 	<ul style="list-style-type: none"> - Cataract/Anterior Segment - Cornea/External Diseases - Neuro-Ophthalmology/Orbit - Pediatric Ophthalmology/Strabismus - Uveitis

Should I register for two days or three days?

If you are taking the course to prepare for the DOCK examination, the number of days you select to register for depends on which sections you have elected to take for the DOCK examination. For example:

1. If you have elected to take the three DOCK examination sections: Core-required (one section); Cataract (one section); Glaucoma (one section), you should register for the 3-day course and attend

the glaucoma course on Friday, Core Ophthalmic Knowledge on Saturday, and the cataract course on Sunday.

2. If you have elected to take the three DOCK examination sections: Core-required (one section); and cataract (two sections), you should register for the 2-day course and attend Core Ophthalmic Knowledge on Saturday and the cataract course on Sunday.

If you are taking this course for a review, please choose those PEAs of interest to you and register for the appropriate number of days.

May I register for two PEA courses on the same day i.e. two on Friday?

No, you must register for just one course on Friday and/or Sunday.

How long do the courses last and how many can I attend each day?

You may register for just one course per day. The courses run concurrently all day on Friday and Sunday from 7:30 a.m. to 5:30 p.m. and on Saturday the Core Ophthalmic Knowledge course runs from 7:00 a.m. to 6:00 p.m.

May I change my course selection after I register?

You may change your course selection at any time as long as there are seats available. Please call Customer Service at 866-561-8558.

May I change my course selection onsite?

Yes, but we cannot guarantee that we will have spaces available in your desired course (seats are limited.)

What materials will I receive for the course(s)?

All course materials are provided online prior to the course. There are no printed handouts provided onsite.

Practicing Ophthalmologists Curriculum

The curriculum consists of a PDF file of several hundred pages for each course offered. Download the PDF files that correspond to your course selection. You may [download the course curriculum](#) at any time and either print it out or save it to a laptop or other device to bring it with you to the course.

MOC Exam Review Course on Demand, 2014-2016

You will also receive complimentary access to the on demand slides for each course in which you are registered. These are audio/video recordings of the July 2014 course, which are accessible across multiple devices, including iPhone, iPad or Android phones and tablets. The slides are available online; you also may download the MP3 audio files. As soon as you have registered you may access the on demand courses by logging in to the Academy website and going to [My Online Products](#). (Note: the course content is updated every 3 years, so the recordings from 2014 still reflect content in the 2016 courses.)
