

An Exhibitor Designated Contractor (EDC) is any company other than one of the designated official contractors that provides a service to the exhibitor and needs access to the exhibition during installation, dismantle, and exhibition dates.

EDCs are not permitted to perform, and exhibitors may not designate a contractor for any of the following services:

- Booth cleaning (includes vacuuming)
- Electrical services
- Internet
- Material handling
- Plumbing
- Rigging/hanging signs
- Security
- Telecommunications

An exhibitor can designate a contractor for booth installation and dismantle; audio visual (AV) or specialty services, such as, engraving, photography, and videography by completing the online EDC Authorization form by **Friday, Aug. 2**.

After this date, companies will not be able to submit authorization for services for their booth including photography, videography and other specialty services.

Failure to submit the form by the deadline will result in the exhibiting company being required to use labor provided by Freeman for installation and dismantle, and other official contractors for other services.

Exhibitors who are in the process of selecting an EDC should contact **La Shon Smith, Exhibitions Manager, at lsmith@aao.org** prior to Friday, Aug. 2, for instructions on how to proceed.

Exhibitors approved for early move-in on Monday, Oct. 7 understand they must use labor provided by Freeman. Independent contractors may begin working on Tuesday, Oct. 8.

The EDC Authorization Form will be available in the Exhibitor Portal in June.
