

# What Are You Missing?

Normal Vision

Vision with Cataracts

Chances are you will get cataracts in your lifetime. Your Eye M.D. can diagnose and treat them. Don't let cataracts blur the important details in your life.

**Learn more at [GetEyeSmart.org](https://www.geteyesmart.org)**

*Brought to you by your ophthalmologist (Eye M.D.), the only eye doctor trained in medical school, who provides complete cataract care, including diagnosis, management and surgery.*
