American Academy of Ophthalmology**

This year's Congressional Advocacy Day builds on our successful efforts to protect sight through action at the federal level. Our efforts will highlight the regulatory burdens that impact our profession and we will be urging members of Congress to support efforts to improve our ability to care for our patients. Before we make our way to Capitol Hill, you will be fully trained on how to best represent our profession to members of Congress and their staff. All Academy members are urged to take part in this critical event to bring their voices to these important issues. Only you can protect your patients, practice and profession.

Please allow at least 45 minutes to get to the Hill before your meetings.

## Meetings with Members of Congress and Staff 8:30 am – 3:00 pm

Appointments with your members of Congress have been made for you based on your zip code on file at the Academy. Please check the schedule to ensure that you are on the Hill in time for your meetings. For questions about your appointments, contact Leann Fox at [lfox@aao.org](mailto:lfox@aao.org) or call 202.256.1417. Return from Capitol Hill to the Renaissance Downtown Hotel by Metro.

Contact Leann Fox immediately if you will not be available to attend your scheduled meeting. Missed appointments reflect poorly on the Academy and make scheduling future meetings more difficult.

#### The Changing Role of the Veterans Health Administration and its Impact on Eye Care Services

**Moderators:** Keith D. Carter, MD, FACS - President, American Academy of Ophthalmology and  
David E. Vollman, MD, MBA - Vice President, Association of Veterans Affairs Ophthalmologists

Eye care is one of the busiest services within the Veterans Health Administration (VHA), and sweeping changes have been taking place within VHA to address problems with timely access to health care services. This session will examine how these changes could impact the eye care services provided to our nations' veterans and how Academy members, both inside and outside the VA, can be part of the process and work to ensure our nation's veterans receive high quality eye care. The session will also focus on how the VA is leading the way on telehealth innovations, especially those impacting ophthalmology and eye care services, and how the changing VA landscape could impact the training of future ophthalmologists.

3:40 pm – 3:50 pm

#### Overview of Ophthalmology's Role in Veterans' Health Care
